EXTENSION OF TIME FOR FILING NOTICES OF OPPOSITION

The Patent and Trademark Office has been experiencing difficulties in printing the Trademark Official Gazette. As a result, the issue dates printed on many recent Official Gazettes have not reflected the actual dates on which those issues were mailed. In past weeks, when it became apparent that particular Official Gazettes would not be issued on time, we extended the periods for filing Notices of Opposition on an issue by issue basis. Because Official Gazette printing problems have continued, a new approach to extending the time for opposition has become necessary. Consequently, a Notice of Opposition to registration of a mark appearing in any one of the Official Gazettes dated May 20, 1980 through December 30, 1980 will be considered timely if filed within 44 days after the date on the cover of the Official Gazette in which the mark appears. This notice will be printed in each succeeding issue of the Official Gazette for the period specified unless modified or terminated by a subsequent Official Gazette notice.
